AMP products receive top ratings from independent research house SuperRatings

Respected research house SuperRatings has awarded some of AMP's most popular superannuation products with their highest 'Platinum' rating as part of their MySuper, Choice and Retirement Product Ratings.

AMP's Signature Super - MySuper & Choice offer, AMP Signature Super Select - Choice offer and AMP Flexible Super Retirement (Core, Choice & Select) were all given the top honour. Signature Super has now been given a 'Platinum' rating eight times over the last decade and AMP Flexible Super Retirement has received a 'Platinum' rating for ten years in a row.

AMP was also a finalist in the SuperRatings 2020 Infinity Awards category, recognising AMP's commitment to ethical and sustainable investing practices across all asset classes.

SuperRatings undertakes comprehensive analysis of 600 superannuation products to determine which products offer "value for money" for members.

AMP Managing Director for Superannuation Lara Bourguignon said: "It's great to see a large number of AMP products given top ratings by an independent research house - particularly in a category that looks specifically at value for money."

SuperRatings also awarded the following products with gold ratings:

- AMP Signature Super - Personal, Select & Allocated Pension
- AMP Flexible Super - Core, Select & Choice
- AMP Flexible Lifetime Super- MySuper, Choice & Allocated Pension
- MyNorth Super and Pension - Core, Select & Choice
- North - Super and Pension
