

## Media release

26 April 2022

### **Cboe Australia Funds added to HUB24**

Cboe Australia is pleased to announce the introduction of Cboe Funds to the award-winning HUB24 platform.

As part of Cboe Australia's commitment to providing a growing number of investors with access to some of the most innovative investment products available in Australia, a range of Cboe Australia funds will be available on the HUB24 platform through HUB24 Invest from April 26 2022.

The HUB24 platform offers advisers and their clients a comprehensive range of investment options, including market-leading managed portfolio solutions, and enhanced transaction and reporting functionality.

Cboe Australia CEO, Vic Jokovic, said: "We are excited to work with HUB24 to bring Cboe Funds to their platform for the first time.

"It's imperative that a range of high-quality investment capabilities are accessible to investors and their advisers as they seek to manage uncertain markets.

"HUB24 users will now be able to invest in a variety of ETFs quoted on the Cboe Australia exchange, enabling them to construct a portfolio tailored to their specific needs, and responsive to market conditions."

HUB24 CEO Andrew Alcock said that empowering financial advisers with investment choice is key to meeting client needs.

"Offering advisers a broad range of investments is one of the ways we're providing choice and flexibility in how they administer client portfolios, and ultimately enabling them to create opportunities and deliver better financial futures for their clients."

**ENDS**
