Wilson Asset Management update

There are four Wilson Asset Management International (WAMI) LICs that have upcoming fully-franked dividends payable that offer an attractive yield. The future payment of dividends is dependent on the provision of sufficient profit reserves and franking credits.

Figure 1 - Upcoming Wilson Asset Management dividends

WAM Capital (WAM) also succeeded with its unconditional off-market takeover bid for Concentrated Leaders Fund (CLF), achieving a relevant interest of 90.08% on 18 March 2021. WAM has since proceeded with a compulsory acquisition in respect to any remaining CLF shares that were not previously held. The compulsory acquisition was on the same terms as the varied offer price, following discussions between CLF's Independent Board Committee and WAM; and as detailed in the Second Supplementary Bidder's Statement, with the consideration being 2 WAM shares for every 3.5 CLF shares.

CLF reported a monthly NTA per share before and after tax of \$1.16 and \$1.11, respectively, as at 28 February 2021. We note that WAM's flexible Investment Mandate is largely unconstrained, with size failing to be a limiting factor on portfolio inclusion. The Manager fundamentally believes, however, that high income and capital growth entities will be predominantly found in medium to small sized industrial companies. Expect some profitable realisations as the CLF portfolio is managed accordingly. We continue to observe WAM's discount to NTA considering an upcoming interim dividend and movement in the share register.

Pengana appoints interim CIO

Pengana International Equities' (PIA) Investment Manager, Pengana Capital Group (PCG), has appointed James McDonald as the Interim Chief Investment Officer. The company advised that former Chief Investment Officer and Portfolio Manager, Jordan Cvetanovski, and Deputy Portfolio Manager, Steven Glass, would leave the group effective immediately on 24 March 2021.

McDonald served as the Deputy Chief Investment Officer for 6 years at Hunter Hall prior to its merger with Pengana in 2017. In a market statement, the Board reiterated McDonald's experience and involvement in the LIC following the merger, also acknowledging his role as Portfolio Manager in the highly successful Pengana High Conviction Equities Fund, which has produced returns of 18.4% p.a. since 2017. PCG intends to shortly appoint a highly credentialed Investment Management Team that will continue to operate in accordance with the company's Investment Mandate, which seeks to achieve consistent long-term returns with downside risk mitigation via an ethically screened and actively managed portfolio of global companies.

Including an accrual for the quarterly dividend of 1.25cps, PIA is trading at a widened indicative discount of 13.5% to the reported 31 March 2021 Pre-tax NTA.

BELL POTTER

Bell Potter's Indicative NTA tracks the 'indicative' movement of a LIC's underlying NTA each month by monitoring the percentage movements of the disclosed holdings, and using an index to track the movement of the remaining positions. We have also included an adjusted indicative NTA and adjusted discount, where applicable, which removes the LIC distribution from the ex-dividend date until the receipt of the new NTA post the payment date.

^{*}LTM Dividend is the sum of dividends paid over the last 12 months, excluding any special dividends paid. #Franking assumes a tax rate of 30%, actual company tax rate applied may differ.

BÉLL POTTER

We have enclosed a reference page for dividends. We have used historical dividend data for the dividend information, and manager guidance where appropriate. Please note that historical dividends are no guarantee of future dividends to be paid.

^{*}LTM Dividend is the sum of dividends paid over the last 12 months, excluding any special dividends paid. #Franking assumes a tax rate of 30%, actual company tax rate applied may differ.

BELL POTTER

Measurement of LIC performance is calculated after all operating expenses, provision and before the payment of taxes (after realised capital gains taxes if reported by the Company). Performance also assumes the reinvestment of net dividends, but does not incorporate franking.
